Scout _____ Date _____

1. Always bring a bit more than what you'll need - food, water, clothes.
2. Bring extra WATER. It's easy to get dehydrated in the winter.
3. Remember C O L D. Clean - dirty clothes lose their loft causing you to get cold. Overheat - never get sweaty, since that moisture can cause problems later. Layers - dress in synthetic layers for easy temperature control. Dry - wet clothes lose insulation.
4. If Camping in the snow, wear snow pants over your regular clothes.
5. Bring extra pair of gloves in case the first pair gets wet (i.e. snow).
6. Bring 2 pairs of socks per day.
7. Always keep your hands and feet warm & dry.
8. Dress right while sleeping. Change into clean, dry clothes before going to bed. Wear a wool cap and gloves while sleeping. 40% of heat is lost from your head.
9. Put the next days clothes into the bottom of your sleeping bag to keep them warm for the next morning.
10. Consider using long lasting hand warmer pads while sleeping down by your feet.
11. Place hand warmers in boots to dry out the inside of the footwear over night.
12. Eat high-energy snack before bedtime to warm your core temperature.
13. Ensure that you have a sleeping bag rated for the right temperature. Consider doubling sleeping bags for extremely low temperatures.
14. Sleeping bag liners or blankets can also assist in a warm night.
15. Never sleep directly on the ground. Use a closed cell foam pad to insulate you from the freezing ground.
16. Go to bathroom before going to bed, so that you do not need to get up middle of the night.
